3. DISCUSSION

Round Table Discussion

ReGIS Members provided an update on their agency projects:

- Allan Calder – provided a brief summary of the County's ArcGIS Urban Study for the Suisun Valley, to model the potential buildout of small- and large-scale wineries. Findings for the project will be presented at the upcoming APA conference.
- Connie Warten – Progressing through updating the City of Vallejo's meters.
- Buffy Conrad – Working on a number of water-related maps, which include Collinsville and Suisun Valley.
- Curt Corbett – City of Vacaville has transitioned from ArcGIS Desktop to ArcGIS Pro. Working on looking at the location of fire stations and respond

time, might even look at potential shifts of fire stations to decrease response time.

- *Dietzjohn Baldon – currently leading a project on correcting the GIS accuracy of their GIS database. Commented on providing a lightning talk presentation at the May ReGIS meeting.*
- *Patrick Mead – working on the Solano County addresser tool.*
- *Michelle Zunino – working to increase understanding of the GIS tool with her agency's staff, and is working on maps that capture response times.*
- *Nellie Dimalanta – working on adding more data about the pump stations, they have the plant utilities and sewer collection system in GIS and will be seeking to have more data on 10 remote sewer pump stations, which will be an assignment the intern will support with.*
- *Sean Justice is working with Experience Builder to support the City of Vacaville Tree Infusion Plan.*
- *Dulce Jimenez – STA will be planning on transitioning from ArcGIS Desktop to Pro.*
- *Stewart Bruce – County is looking to update the building outline layer for the entire County and welcomes input from cities on this project. City staff can email Strew.*
- *Shu Wu – They are exploring the use of Experience Builder and/or StoryMaps to develop a community report—potentially for both the juvenile and adult populations.*
