Update on the Solutions Steering Meeting

Daniel Machado provided a brief summary on the Solutions Steering Committee he will be leading to gather GIS needs of County staff. Monthly meetings are scheduled to commence in June 2025 and will be scheduled for the next six months.

Upcoming GIS Day – November 2025

Stewart Bruce announced that for this year's GIS Day he wanted to take a different approach, and discussed a potential partnership with the Solano County Office of Education to bring presentations on GIS to 7th graders in Solano County. Stew will be providing additional information on this item at the June 18th ReGIS meeting.

Additional ReGIS Member Comments:

- *Rhena discussed the FME Flow Tool (e.g. extract transform tool). Functions include taking data from any kind of data source, cleaning up data with flow, along with hosting and building API inputs. You can run scanned permit data through an AI transformer to help you run a GIS dataset.*
