5. **DISCUSSION**

Presentation on 3D Model *(10 minutes)*

The presentation will be provided at a future meeting.

Discuss URBANFOOTPRINT Project *(10 minutes)*

The County of Solano has purchased a license for URBANFOOTPRINT, in which ReGIS members have access. Get in contact with Stew if you would like to know more about this tool or get temporary access.

Solano County Portal Updates:
The GTG Data Feedback application has been added, which allows feedback for corrections on boundaries, roads, addresses, and parcels. Any feedback that is flagged gets reviewed by GTG on a weekly basis.

For Public Access maps, Solano 3D has been added, and the Sandborn Oblique Analyst map is also available to the public.

6. OPEN ROUND TABLE

ReGIS members went around the room and provided updates. The following are some of the summarized comments:

Gustavo Cruz – Discussed his participation at Sacramento OES and the presentation on Cal OES, where they discussed their Fire Integrated Real-Time Intelligence System (FIRIS) https://www.caloes.ca.gov/office-of-the-director/operations/response-operations/fire-rescue/firis/

He also discussed that the FIRIS team hosts tours of their plane, facilities and computer systems and asked if ReGIS members would be interested in attending a site visit to McClellan Airfield.

7. ADJOURNMENT
